<b>Reading List .....</b>	<b>262</b>
<b>Index of Names .....</b>	<b>264</b>

## INDEX by FIRST NAME

Many of the articles and statehood biographies list only the first names of family members or friends. No assumptions can be made about their surnames, but individuals for whom only a first name is given are listed using the last name of the biographical subject or parent/sibling. The book itself provides two index listings - both first name order and last name order.
